If you have achieved a certain task on the above graph place the allocated points in that table. For example, if you have planned your meals for the entire day on Monday allocate 2 Points on Mondays square. Keep doing this for all categories and tally up your points for the day, a total of 10 points may be allocated for a certain day.

If you scored a total of:

- 60-70: You're Awesome & Have a Fantastic Body (or in the making)
- 50-59: You have Excellent habits and probably a great butt (or on your way 😊)
- 40-49: You have Good Habits (and will probably lose between 0.5-1kg this week 😊)
- 30-39: You're OK, but not really (Seriously take it up a notch princess 😊)
- 20-29: You have issues (Talk to your trainer or class instructor immediately!!!)

Yours sincerely
